

General Conference

Additional Expenses

Observers

If you plan on attending any of the General Sessions of the General Conference during your stay in St. Louis you need to fill out the information that's included in this packet. Registration for the General Conference is not included in the CDMDC Registration.

Meals

Your registration for CDMDC only includes two (2) meals: Saturday for lunch and banquet on Saturday evening. Other meals are on your own.

Hotel

At this time I have no information on the hotel that will be used for CDMDC. However, if you know someone that will be attending the General Conference and has extra space for you in their room for 3 or 4 days try to make arrangements with that person (check with delegates or alternates from your conference). Hotel expenses are not included in your CDMDC registration. Most hotels range from \$125 per night and up.

Travel

This expense is not included in your CDMDC registration. You are more than welcome to check my website for means of travel at www.ytb.com/ladytjag
